

# Boompot (\$BOOMPY) Revenue Share Program

## 1. Overview

Boompot's revenue share program rewards our most committed community members by sharing **90% of net Boompot revenues** with the top **5%** of \$BOOMPY token holders. The remaining **10%** funds the Boompot Foundation—ensuring ongoing development, security, and “keeping the lights on.”

This program is designed to be **highly profitable, transparent, and secure**, aligning the success of Boompot directly with the financial upside of our top supporters.

## 2. Eligibility

- **Top 5% of \$BOOMPY Holders:** Only addresses ranking in the top 5% by token balance qualify each week.
- **Snapshot Weekly:** A snapshot of all holders' balances is taken at the end of each 7-day period to determine the current top 5%.

## 3. Revenue Allocation

- **90% to Holders:** 90% of all net revenues generated by Boompot in a given week are pooled for distribution.
- **10% to Foundation:** 10% goes to the Boompot Foundation for ongoing operations, security audits, infrastructure, and future feature rollouts.

## 4. Distribution Mechanics

### 1. Pro-Rata Shares

- If the top 5% collectively hold **22%** of all \$BOOMPY tokens, that group splits 90% of weekly revenues in proportion to their token holdings within that top 5%.
- **Example:** If you alone hold **1%** of the total token supply and remain in the top 5%, you receive
- $1\% \times 22\% \times 90\% = 4.09\%$  of that week's total revenue pool.

## 5. Holding Period & Payout Schedule

- **Retrospective Eligibility**
  - To qualify for Week N's revenue share, you must hold within the top 5% **throughout** Week N (Friday 00:00 UTC – Thursday 23:59 UTC).
- **Example Timeline**
  1. **Day 0 (Friday 00:00 UTC):** You acquire enough \$BOOMPY to enter the current top 5%.
  2. **Day 7 (Mon 00:00 UTC of next week):** Snapshot confirms you stayed in the top 5%—you're now eligible for Week 0's revenue.
  3. **Day 7+:** You continue receiving revenue every week if you hold your position in top 5%

## 6. Example Calculation

Metric	Value
Total weekly revenue pool	50 SOL
Portion to top 5% (90%)	45 SOL
Collective token share of top 5%	22% of total supply
Individual holder's share of total supply	1%
Individual revenue share	$(1\% \div 22\%) \times 45 \approx 2.045$ SOL

## 7. Bullish Outlook

With **up to 90%** of all BoompyBot revenues flowing back to our most dedicated supporters, BoompyBot's revenue share program offers one of the **most attractive yield opportunities** in the space. As BoompyBot scales—adding new tools, integrations, and partner channels—the revenue pool grows even more, amplifying your passive income potential.

**Join the top 5% today**, secure your place in the revenue share, and ride the wave of BoompyBot's explosive growth!
